ROSY REPORTS FROM CAMP OF TERRILL

CAMP TERRILL BEGINS TO LOOK AS IF IT WOULD BECOME A GOOD PRODUCER.

Rosy reports continue to come from the scene of the new mining strike at Terrill, 20 miles due south of Fallon. New strikes continue to be announced.

The latest is on ground located by James Smith and a number of Fallon people associated with him. E. H. Hursh is doing the location work for the outfit, and the news comes that he uncovered an 18-inch ledge of promising ore, running high in value, but no figures are given. That the holders believe they have a good thing, however, is emphasized by the fact that no one has balked on punting his share of the expense.

A. G. Price returned Tuesday from a trip to the new camp with E. P. Osgood, the surveyor. They are laying out the site of the town-to-be. Price is interested with the original locators in this deal. The townsite is on that portion of the original location of the camp which was not bonded to Wingfield.

Lawrence Cochran and his force are rapidly putting the road between here and the camp in splendid condition, and it is now one of the best thoroughfares in the county.

An effort is to be made to have Foote, who drives the Rawhide stage, to go by way of Terrill instead of Sand Springs, as at the present. If anything the new route is the shorter, so there can be no objection to changing the route.

There are some four or five tent saloons installed in the new camp, but to date there is no store. There is a chance for some enterprising man with small capital to find a good business opening in a mercantile way.—Fallon Eagle.

WANTS ATTORNEY TO INVESTIGATE ACCIDENT

A. Grant Miller, the local attorney, received a dispatch Saturday from the Miners' Union at Ely asking him to come immediately to that place and represent the miners in the inquest that will be

held over the victims of the Giroux mine accident. In accordance with the request Mr. Miller will leave this evening for Ely.

During the inquest over the victims of the Belmont mine disaster at Tonopah last winter, Attorney Miller represented the Miners' union, and will appear in the same capacity at Ely. He expects to be absent a week or two, or until the matter of investigation into the deaths of the seven miners is concluded.—Journal.

A NEW BANK.

Wells, Nevada, is to have an up-to-date bank. It is to be started by M. Badt & Company, a corporation of that section. Excavation for the building of the structure has started. It speaks well for that section of the sagebrush.

OLD CAMP OF PIOCHE FORGING RIGHT AHEAD

MORE PROPERTIES IN PIOCHE CAMP ARE NOW COMING TO LIFE.

PIOCHE, Nev., Aug. 28.—Other properties in the famous old Pioche country are coming to life and prospects for the camp moving swiftly ahead continues to grow brighter. One of the men who has long had an eye on the camp and has been pushing ahead from time to time is H. W. Rand of Portland, who is interested in a number of properties. A sign of his faith in the camp is shown by his return from the east a day of two ago with sufficient capital behind him to develop two more pieces of ground in the district. Mr. Rand has been in the east for several months, where, although conditions are reported not to be rosy, there is money for legitimate mining.

Equipment will be purchased at once and installed on the old Alps ground, which in the early days produced considerable wealth. Mr. Rand declares that he is positive that the rich ore taken out of this ground was not all there was by a long way. During the boom days the property was a good producer of rich ore. When the price of silver went down and the camp declined this property went with it.

For some time there has been a force of men at work cleaning up the old 300-foot shaft and the workings and putting them in shape for

active work. A large hoisting plant is to be installed at once and, as there is still considerable ore in sight in the ground the property can be shipping within a short time. It is two miles from the railroad.

Besides the Alps, Mr. Rand has succeeded in financing the California Pioche group which adjoins the Ohio-Kentucky ground on the south and is west of the Pacific Pioche, which is owned by Salt Lake people. Work on this property is to be resumed at once. It is well located and engineers are of the opinion that it will also be a good producer.

HELPS SOME.

"There is no occasion for swearing outside of a newspaper office, where it is useful in proof reading, and indispensably necessary in getting the forms to press. It has been known, also, to materially assist an editor in looking over his paper after it is printed. But otherwise it is a very foolish habit."

NOTICE.

All persons knowing themselves indebted to Central Market for bills contracted on or before a Saturday, August 19, 1911, are requested to call on Mr. P. J. Wenne at the Central Market building and settle their accounts.
